

Hand held extrusion welder

EXON C3

Small
light
high output

- Low weight
- Low noises
- Easy to use
- Working light
- High air flow
- High output
- Very short

The very compact and economic hand extruder with high performance.

Technical data		
Voltage	V	230
Frequency	Hz	50/60
Power consumption	W	3500
Output	lbs/h	2.20-7.28
Temperature range mass	°F	302-662
Air flow range	l/min	300-500
Temperature range air	°F	104-842
Noise	dB	75
Weight	lbs	16.09
Size (l x w x h)	mm	500x100x240
